

**SUPPLEMENTARY INFORMATION:** FEHB law (5 U.S.C. 8902(m)(2)) mandates special consideration for enrollees of certain FEHB plans who receive covered health services in States with critical shortages of primary care physicians. The FEHB law also requires that a State be designated as a Medically Underserved Area if 25 percent or more of the population lives in an area designated by the Department of Health and Human Services (HHS) as a primary medical care manpower shortage area. Such States are designated as Medically Underserved Areas for purposes of the FEHB Program, and the law requires non-HMO FEHB plans to reimburse beneficiaries, subject to their contract terms, for covered services obtained from any licensed provider in these States.

FEHB regulations (5 CFR 890.701) require OPM to make an annual determination of the States that qualify as Medically Underserved Areas for the next calendar year by comparing the latest HHS State-by-State population counts on primary medical care manpower shortage areas with U.S. Census figures on State resident populations.

**SUPPLEMENTARY INFORMATION:** The GSP program provides for the duty-free importation of designated articles when imported from beneficiary developing countries. The GSP program is authorized by Title V of the Trade Act of 1974 (19 U.S.C. 2461, *et seq.*), as amended (the "Trade Act"), and is implemented in accordance with Executive Order 11888 of November 24, 1975, as modified by subsequent Executive Orders and Presidential Proclamations.

In the 2007 Annual Product Review, the Trade Policy Staff Committee reviewed petitions to change product coverage of the GSP. The disposition of the petitions considered in the 2007 GSP Annual Review is described in List I (Decisions on Petitions to Add Products to GSP Eligibility in the 2007 GSP Annual Review); List II (Decisions on Petitions to Remove Duty-Free Status from a Beneficiary Developing Country for a Product on the List of Eligible Articles for GSP); and List III (Decisions on CNL Waiver Petitions in the 2007 GSP Annual Review).

Certain articles for which a waiver of the application of section 503(c)(2)(A) of the 1974 Act was issued at least five years ago, but which are revoked pursuant to section 503(d)(5) are listed in List IV (Products for which a Waiver of the Application of section 503(c)(2)(A) of the 1974 Act is Revoked).

In the 2007 Product Review, the GSP Subcommittee evaluated the appraised import values of each GSP-eligible article in 2007 to determine whether an article from a GSP beneficiary developing country exceeded the GSP CNLs. *De minimis* waivers were granted to certain articles that exceeded the 50 percent import share CNL, but for which the aggregate value of the imports of that article was below the 2007 *de minimis* level of \$18.5 million. List V (Products Receiving *De Minimis* Waivers) provides the list of the articles and the associated countries granted *de minimis* waivers. No eligible products were redesignated to GSP eligibility.

Articles that exceeded one of the GSP CNLs in 2007, and that are newly

excluded from GSP eligibility for a specific country, are listed in List VI (Products Newly Subject to CNL Exclusions).

The disposition of petitions considered in the 2007 Country Practices Review is described in List VII ("Decisions on Country Practice Petitions in the 2007 GSP Annual Review").
