1. The Parties establish a Standing Technical Working Group on Animal and Plant Health Measures (“Working Group”), with a view to facilitating trade between the Parties to the greatest extent possible while preserving each Party’s right to protect animal or plant life or health in its territory and respecting each Party’s regulatory systems and risk assessment and policy development processes.
2. 5. The Working Group shall recognise that each Party’s agencies responsible for sanitary and phytosanitary matters are undertaking, at any particular time, a range of risk analyses and policy development work on matters relating to animal and plant health that may be of mutual interest to the Parties. The Working Group shall undertake, as part of its regular agenda, to update its members on the progress of

work related to bilateral trade, complementing and without prejudice to exchanges in other fora, including the annual bilateral dialogues between APHIS and Biosecurity Australia on plant and animal health matters.

6. The Working Group shall establish a work program, including issues that shall be the subject of specific work plans, in accordance with Section B of this Annex, taking into account the resource constraints of each Party and the need to develop an agenda that balances the needs of both Parties, including through identifying and addressing the priority needs of each Party.
