STATUS CODES:

I – Inherently Governmental Activity

C – Commercial Activity

REASON CODES:

B – The commercial activity is suitable for a streamlined or standard competition.

Commercial Activity Codes:

Function Code

Definition

W826 Computer positions – systems, design, development and programming and support services

Inherently Governmental Codes:

Function Code

Definition

B710 Headquarters personnel management

C110 Headquarters financial management

D000 Program administrative support (USTR's clerical staff)

E110 Headquarters environmental security

T820 Headquarters administrative support services

V100* Trade policy development, coordination, negotiation, monitoring, and enforcement (USTR's professional staff)

W100 Headquarters communication, computing and information management

[*OMB established agency specific code V-100 in FY 2001 for USTR's Trade Policy Analyst positions. V-100 denotes inherently governmental work of trade policy development, coordination, negotiation, monitoring, and enforcement.]
