

GSP: Import Statistics Relating to Competitive Need Limitations (CNLs), Potential Revocations, *De Minimis* Waivers, and Product Redesignations

This document contains the lists referred to in the notice published in the *Federal Register* on July 6, 2015, entitled “Generalized System of Preferences (GSP): Notice of a GSP Product Review, Including Possible Actions Related to Competitive Need Limitations.” These lists are provided for informational purposes only. Interested parties are strongly encouraged to independently research the 2014 trade statistics, using the U.S. International Trade Commission’s (USITC) “dataweb” site, which can be found at http://dataweb.usitc.gov/scripts/user_set.asp.

List I shows GSP-eligible articles from beneficiary developing countries (BDCs) that exceeded a CNL by having been imported into the United States in 2014 in excess of \$165 million, or in a quantity equal to or greater than 50 percent of the total U.S. import value for this product in 2014. These products will be removed from eligibility for GSP for the subject countries on October 1, 2015, unless the President grants a waiver for the product for the subject country in response to a petition filed by an interested party. Such petitions for CNL waivers are due on July 31, 2015, as announced in the notice published in the *Federal Register* on July 6, 2015.

List II identifies GSP-eligible articles from BDCs that are above the 50 percent CNL but that are eligible for a *de minimis* waiver of the 50 percent CNL. Articles eligible for *de minimis* waivers are automatically considered in the GSP annual review process, without the filing of a petition. Public comments (including comments in support of or in opposition to *de minimis* waivers) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.

List III shows GSP-eligible articles from certain BDCs that are currently not receiving GSP duty-free treatment but that may be considered for GSP redesignation based on 2014 trade data and consideration of certain statutory factors. Recommendations to the President on redesignations are normally made as part of the GSP annual review process, and public comments (including comments in support of or in opposition to redesignations) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.

List IV shows articles subject to CNL waiver revocation based on the provisions of Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109–432. Recommendations to the President on revocation of these waivers will be made as part of the GSP review process, and public comments (including comments in support of or in opposition to revocations of CNL waivers) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.
