

## Georgia and the Generalized System of Preferences

GSP-eligible products of interest to Georgian producers or have been exported in the past.

This is NOT a complete list – it is based on what Georgia has exported to the U.S. under GSP or researching other exports from Georgia. If a product is not on this list, look up to see if it is eligible for GSP (“A”) by going to: [http://dataweb.usitc.gov/scripts/tariff\\_current.asp](http://dataweb.usitc.gov/scripts/tariff_current.asp) That website will also tell you how much duty will be saved by using GSP duty-free entry for your products.

### 1. Agricultural (for consumers directly or as an intermediate product to go into/on other foods)

- walnuts
- aubergines/eggplant
- cucumbers, including gherkins
- prepared or preserved vegetables
- ginseng
- fruit juice of a single fruit
- fruit jellies, other than currant and berry, and some jams (including cherry)
- mixed condiments and mixed seasonings
- thyme and bay leaves (DF)
- sauces and preparations for sauces
- seeds for sowing

### 2. Manufactured or processed items

- mineral waters and sparkling waters (with or without sugar added), and non-alcoholic beverages
- doors of wood (other than French doors)
- air conditioner parts
- electrical ignition systems for vehicle engines
- electric heaters
- photographic plates and film
- measuring instruments
- grand pianos
- glass frit
- glaziers’ putty and caulking compounds

### 3. Metals and stone

- ferromanganese
- articles of nickel
- nickel
- ferrosilicon manganese
- foil made out of nickel alloy
- monumental and building stone of travertine (worked and not worked)

### 4. Chemicals

- alides and halide oxides
- zinc sulfate
- sodium triphosphate
- carbonates
- silicones
- inorganic acid salts
- acyclic polyamines and derivatives or salts
- vinyl acetate copolymers

### 5. Plastics

- flexible tubes, pipes, and hoses
- stoppers, lids, caps and other closures
- household and toilet articles
- doors, windows and frames

- imitation gemstones
- gaskets, washers and other seals

## 6. Rubber products

- plates, sheets and strip
- tubes and pipes
- conveyor belts

## 7. Wood, ceramic, and glass products

- wooden tableware and kitchenware
- ceramic pots, jars, tubes
- glass tubes

## 8. Metal products

- enameled or glazed aluminum cooking and kitchen ware
- aluminum hand tool and other aluminum articles

## 9. Auto and machine parts

- fuel and vacuum pumps
- air and gas pumps, compressors and fans
- oil or fuel filters
- engines and engine pumps
- power train parts for cars

## 10. Electrical parts and accessories

- electric motors
- electric generating sets with piston engines
- static converters
- lithium primary cells and batteries
- parts of lamps, including non-electrical

## 11. Miscellaneous

- measuring instruments and parts
- music boxes
- chandeliers
- carpets
- photographic plates and film for x-rays
- ball point pens

- flexible plastic tubes, pipes, and hoses

- transmission belts
- gaskets and washers
- radial tires for buses or trucks

- iron, steel, or other metal hand tools
- vises and clamps
- motor vehicle locks
- mountings

- fuel-injection pumps for engines
- transmission valves
- roller bearings
- misc. machinery parts

- illuminated signs
- single loudspeakers
- switching relays
- boards, panels, and cabinets for electric control
- fluorescent lamps
