Georgia and the Generalized System of Preferences

GSP-eligible products of interest to Georgian producers or have been exported in the past.

This is NOT a complete list – it is based on what Georgia has exported to the U.S. under GSP or researching other exports from Georgia. If a product is not on this list, look up to see if it is eligible for GSP (“A”) by going to: http://dataweb.usitc.gov/scripts/tariff_current.asp. That website will also tell you how much duty will be saved by using GSP duty-free entry for your products.

1. Agricultural (for consumers directly or as an intermediate product to go into/on other foods)
   - walnuts
   - aubergines/eggplant
   - cucumbers, including gherkins
   - prepared or preserved vegetables
   - ginseng
   - fruit juice of a single fruit
   - fruit jellies, other than currant and berry, and some jams (including cherry)
   - mixed condiments and mixed seasonings
   - thyme and bay leaves (DF)
   - sauces and preparations for sauces
   - seeds for sowing

2. Manufactured or processed items
   - mineral waters and sparkling waters (with or without sugar added), and non-alcoholic beverages
   - doors of wood (other than French doors)
   - air conditioner parts
   - electrical ignition systems for vehicle engines
   - electric heaters
   - photographic plates and film
   - measuring instruments
   - grand pianos
   - glass frit
   - glaziers’ putty and caulking compounds

3. Metals and stone
   - ferromanganese
   - articles of nickel
   - nickel
   - ferrosilicon manganese
   - foil made out of nickel alloy
   - monumental and building stone of travertine (worked and not worked)

4. Chemicals
   - alides and halide oxides
   - zinc sulfate
   - sodium triphosphate
   - carbonates
   - silicons
   - inorganic acid salts
   - acyclic polyamines and derivatives or salts
   - vinyl acetate copolymers

5. Plastics
   - flexible tubes, pipes, and hoses
   - stoppers, lids, caps and other closures
   - household and toilet articles
   - doors, windows and frames
- imitation gemstones
- gaskets, washers and other seals

6. Rubber products
- plates, sheets and strip
- tubes and pipes
- conveyor belts
- flexible plastic tubes, pipes, and hoses
- transmission belts
- gaskets and washers
- radial tries for buses or trucks

7. Wood, ceramic, and glass products
- wooden tableware and kitchenware
- ceramic pots, jars, tubes
- glass tubes

8. Metal products
- enameled or glazed aluminum cooking and kitchen ware
- aluminum hand tool and other aluminum articles
- iron, steel, or other metal hand tools
- vises and clamps
- motor vehicle locks
- mountings

9. Auto and machine parts
- fuel and vacuum pumps
- air and gas pumps, compressors and fans
- oil or fuel filters
- engines and engine pumps
- power train parts for cars
- fuel-injection pumps for engines
- transmission valves
- roller bearings
- misc. machinery parts

10. Electrical parts and accessories
- electric motors
- electric generating sets with piston engines
- static converters
- lithium primary cells and batteries
- parts of lamps, including non-electrical
- illuminated signs
- single loudspeakers
- switching relays
- boards, panels, and cabinets for electric control
- fluorescent lamps

11. Miscellaneous
- measuring instruments and parts
- music boxes
- chandeliers
- carpets
- photographic plates and film for x-rays
- ball point pens
