

Status of Instruments Challenged in the Demonstration Bases-Common Service Platform Program

This table sets forth the status of each Chinese legal instrument included in the WTO challenge *China – Measures Related to Demonstration Bases and Common Service Platforms Programs* (DS489). The “Current Status” column indicates whether the challenged instrument is still in effect. The “Effectuating Measure” column identifies the Chinese measure that changed the status of the challenged measure. The information is compiled from legal instruments disclosed by China and through independent research.

#	Full Citation of Panel Request Measure	Current Status	Effectuating Measure
