APPENDIX 3.3.6 SPECIAL RULES OF ORIGIN

PART I GENERAL INTERPRETIVE NOTES

1. For purposes of interpreting the rules of origin set out in this Appendix:
 - (a) the specific rule, or specific set of rules, that applies to a particular heading or subheading is set out immediately adjacent to the heading or subheading;
 - (b) the requirement of a change in tariff classification applies only to non-originating materials;
 - (c) where a specific rule of origin is defined using the criterion of a change in tariff classification, and the rule is written to exclude tariff provisions at the level of a chapter, heading, or subheading, each Party shall construe the rule of origin to require that materials classified in those excluded provisions be originating for the good to be originating;
 - (d) when a heading or subheading is subject to alternative specific rules of origin, each Party shall consider the rule to be met if a good satisfies one of the alternatives;
 - (e) when a single rule of origin is applicable to a group of headings or subheadings and that rule of origin specifies a change of heading or subheading, each Party shall interpret the rule such that the change of heading or subheading may occur within a single heading or subheading or between headings or subheadings of the group. When, however, a rule refers to a change in heading or subheading "outside that group," each Party shall interpret the rule to require that the change in heading or subheading must occur from a heading or subheading that is outside the group of headings or subheadings set out in the rule;
 - (f) reference to weight in the rules for goods provided for in chapter 1 through 24 means dry weight unless otherwise specified in the Harmonized System;

2. For purposes of this Appendix:

chapter means a chapter of the Harmonized System; and

section means a section of the Harmonized System.
