protection of investors and the public interest. Such waiver will allow the Exchange to immediately return the fees to the lower levels that existed before SR–NASDAQ–2015–042 and retroactively apply the lower fees so that market participants will not experience a fee increase in the absence of the FPGA hardware upgrade, the cost of which was the basis for the fee increase. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing with the Commission.11

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
