notice setting out the process for the product exclusions, and opened a public docket. See 83 FR 47236 (the September 18 notice).

Under the September 18 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish it from other products within the relevant 8-digit subheading covered by the $16 billion action. Requestors also had to provide the 10-dig subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The September 18 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The September 18 notice required submission of requests for exclusion from the $16 billion action no later than December 18, 2018, and noted that the U.S. Trade Representative periodically would announce decisions. In July 2019, the U.S. Trade Representative granted an initial set of exclusion requests. See 84 FR 37381, The U.S. Trade Representative granted additional exclusions in September and October 2019. See 84 FR 49600 and 84 FR 52553.

B. Amendments to Certain Exclusions

To correct technical and ministerial errors and in order to conform to the U.S. Trade Representative’s intent to grant certain exclusions, the Annex to this notice includes amendments to certain notes in the HTSUS.

In order to clarify a periodic revision to the HTSUS, subparagraph A(1) of the Annex modifies the text to U.S. note 20(v)(86) to subchapter III of chapter 99 of the HTSUS, as set out in the Annex of the notice published at 84 FR 49600 (September 20, 2019).

In order to conform to the U.S. Trade Representative’s intent to grant certain exclusion requests, Subparagraphs A(8–9) of the Annex make amendments to U.S. notes 20(v)(20) and 20(v)(37) to subchapter III of chapter 99 of the HTSUS, as set out in the annex of the notice published at 84 FR 49600 (September 20, 2019).

The U.S. Trade Representative will continue to issue determinations on a periodic basis as needed.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 83 FR 49153 (September 21, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FR 29576 (June 24, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49591 (September 20, 2019), 84 FR 57803 (October 28, 2019), 84 FR 61674 (November 13, 2019), and 84 FR 65882 (November 29, 2019).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of $200 billion. See 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. See 84 FR 20459. On June 24, 2019, the Trade Representative established a process by which U.S. stakeholders may request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the $200 billion action from the additional duties. See 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the $200 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requester purchased in the last three years. With regard to the rationale for the requested exclusion, requestors had to address the following factors:

• Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.

• Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.

• Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the $200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative would periodically announce decisions. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. See 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September, October, and November 2019. See 84 FR 49591, 84 FR 57803, 84 FR 61674, and 84 FR 65882. The Office of the United States Trade Representative (USTR) regularly updates the status of each pending request on the USTR Exclusions Portal at https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set out in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set out in the Annex, the exclusions are reflected in 9 ten-digit HTSUS subheadings and 35 specially prepared product descriptions, which cover 75 separate exclusion requests.

In accordance with the June 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the product descriptions in the Annex, and not by the product descriptions set out in any particular request for exclusion.

To correct a ministerial error and in order to conform to the U.S. Trade Representative’s intent to grant an exclusion requested, the Annex to this notice also includes an amendment to a note in the HTSUS.

Paragraph A, subparagraphs (3)–(6) are conforming amendments to the HTSUS reflecting the modifications made by the Annex.

Paragraph B, subparagraph (1) is a ministerial correction of U.S. note 20(ll)(53) to subchapter III of chapter 99 of the HTSUS that modifies the product description value published in the annex to the notice published at 84 FR 57803 (October 28, 2019). Paragraph B, subparagraphs (2)–(4), make conforming amendments to note 20(ll) published at 84 FR 57803 (October 28, 2019), note 20(mm) published at 84 FR 61674 (November 13, 2019), and note 20(nn) published at 84 FR 65882 (November 29, 2019).

As stated in the September 20, 2019 notice, the exclusions will apply from September 24, 2018, to August 7, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.
The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,
General Counsel, Office of the U.S. Trade Representative.

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 40823 (August 16, 2018), 83 FR 47974 (September 21, 2018), 83 FR 65198 (December 19, 2018), 83 FR 67463 (December 28, 2018), 84 FR 7966 (March 5, 2019), 84 FR 11152 (March 25, 2019), 84 FR 16310 (April 18, 2019), 84 FR 21389 (May 14, 2019), 84 FR 25895 (June 4, 2019), 84 FR 32821 (July 9, 2019), 84 FR 49564 (September 20, 2019), and 84 FR 52567 (October 2, 2019).

Effective July 6, 2018, the U.S. Trade Representative imposed additional duties on goods of China classified within an 8-digit HTSUS subheading covered by the $34 billion action from the additional duties. The U.S. Trade Representative issued a notice setting out the process for the product exclusions, and opened a public docket. See 83 FR 32181 (the July 11 notice).

Under the July 11 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish it from other products within the relevant 8-digit subheading covered by the $34 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requester purchased in the last three years. With regard to the rationale for the requested exclusion, requestors had to address the following factors:

• Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
• Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
• Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The July 11 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The July 11 notice required submission of requests for exclusion from the $34 billion action no later than October 9, 2018, and noted that the U.S. Trade Representative periodically would announce decisions. In December 2018, the U.S. Trade Representative granted an initial set of exclusion requests. See 83 FR 67463. The U.S. Trade Representative granted additional exclusions in March, April, May, June, July, September, and October 2019. See 84 FR 11152, 84 FR 16310, 84 FR 21389, 84 FR 25895, 84 FR 32821, 84 FR 49564 and 84 FR 52567.
