OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Adjustment to Specialty Sugar Tariff-Rate Quota Tranches and Opening Dates

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The Office of the United States Trade Representative (USTR) is providing notice of a change in the quantity, and opening dates, for the fourth and fifth tranches of the specialty sugar tariff-rate quota (TRQ).

DATES: This notice is applicable on March 30, 2020.

FOR FURTHER INFORMATION CONTACT: Dylan Daniels, Office of Agricultural Affairs, at (202) 395–9583 or Dylan.Daniels@ustr.eop.gov.

SUPPLEMENTARY INFORMATION: Pursuant to Additional U.S. Note 5 to Chapter 17 of the Harmonized Tariff Schedule of the United States (HTSUS), the United States maintains TRQs for imports of raw cane and refined sugar.

Section 404(d)(3) of the Uruguay Round Agreements Act (19 U.S.C. 3601(d)(3)) authorizes the President to allocate the in-quota quantity of a TRQ for any agricultural product among supplying countries or customs areas. The President delegated this authority to the U.S. Trade Representative under Presidential Proclamations 6763 and 7235 (60 FR 1007 and 64 FR 197).

On July 15, 2019, USTR announced that the FY2020 specialty sugar TRQ of 171,656 MTRV would be administered in the following way. See 84 FR 33798. The first tranche of 1,656 MTRV was to open October 1, 2019, and all types of specialty sugars would be eligible for entry under this tranche. The second tranche of 50,000 MTRV was to open on October 9, 2019. The third tranche of 50,000 MTRV was to open on January 22, 2020. The fourth tranche of 35,000 MTRV was to open on April 15, 2020. The fifth tranche of 35,000 MTRV was to open on July 15, 2020.

When the third tranche opened on January 22, 2020, U.S. Customs and Border Protection allowed the tranche to be filled in the quantity of 55,000 MTRV, rather than the 50,000 MTRV intended, based on a typo in the U.S. Department of Agriculture’s announcement of June 27, 2019. See 84 FR 30691. To correct this quantity in order to limit entries to the total amount established at 171,656 MTRV, USTR is reducing the quantity of the fifth tranche by 5,000 MTRV to 30,000 MTRV. USTR is combining the fourth tranche of 35,000 MTRV, and the fifth tranche of 30,000 MTRV, into a combined special tranche of 65,000 MTRV, which will open on March 30, 2020.

Gregory Doud,
Chief Agricultural Negotiator, Office of the United States Trade Representative.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions.

SUMMARY: In September of 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately $200 billion as part of the action in the Section 301 investigation of China’s acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative’s determination to grant certain exclusion requests, as specified in the Annex to this notice, and corrects technical errors in previously announced exclusions.

DATES: The product exclusions announced in this notice will apply as of September 24, 2018, the effective date of the $200 billion action, to August 7, 2020. The amendments announced in this notice are retroactive to the date the original exclusions were published.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices including 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018),
Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the $200 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS that covers one or more products available from sources in the United States and/or third countries. The U.S. Trade Representative regularly updates the status of each pending request on the Exclusions Portal at https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set forth in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set forth in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,
General Counsel, Office of the U.S. Trade Representative.
