OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

AGENCY: Office of the United States Trade Representative.
ACTION: Notice of product exclusions.

SUMMARY: On August 20, 2019, at the direction of the President, the U.S. Trade Representative determined to modify the action being taken in the Section 301 investigation of China’s acts, policies, and practices related to technology transfer, intellectual property, and innovation by imposing additional duties of 10 percent ad valorem on goods of China with an annual trade value of approximately $300 billion. The additional duties on products in List 1, which is set out in Annex A of that action, became effective on September 1, 2019. On August 30, 2019, at the direction of the President, the U.S. Trade Representative determined to increase the rate of the
additional duty applicable to the tariff subheadings covered by the action announced in the August 20 notice from 10 percent to 15 percent. On January 22, 2020, the U.S. Trade Representative determined to reduce the rate from 15 percent to 7.5 percent. The U.S. Trade Representative initiated a product exclusion process in October 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative’s determination to grant certain exclusion requests, as specified in the Annex to this notice. The U.S. Trade Representative will continue to issue decisions on pending requests on a periodic basis.

DATES: The product exclusions announced in this notice will apply as of September 1, 2019, the effective date of the $300 billion action, and will extend to September 1, 2020.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimbail, or Director of Industrial Goods Justin Hoffmann at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedys@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices, including 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 40823 (August 16, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 84 FR 20459 (May 9, 2019), 84 FR 43304 (August 20, 2019), 84 FR 45821 (August 30, 2019), 84 FR 57144 (October 24, 2019), 84 FR 69447 (December 18, 2019), 85 FR 3741 (January 22, 2020), and 85 FR 13970 (March 10, 2020).

In a notice published August 20, 2019, the U.S. Trade Representative, at the direction of the President, announced a determination to modify the action being taken in the Section 301 investigation by imposing an additional 10 percent ad valorem duty on products of China with an annual aggregate trade value of approximately $300 billion. 84 FR 43304 (August 20, 2019) (August 20 notice). The August 20 notice contains two separate lists of tariff subheadings with two different effective dates. List 1, which is set out in Annex A of the August 20 notice, was effective September 1, 2019. List 2, which is set out in Annex C of the August 20 notice, was scheduled to take effect on December 15, 2019. On August 30, 2019, the U.S. Trade Representative, at the direction of the President, determined to modify the action being taken in the investigation by increasing the rate of additional duty from 10 to 15 percent ad valorem on the goods of China specified in Annex A and Annex C of the August 20 notice. See 84 FR 45821. On October 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders could request exclusion of particular products classified within an 8-digit Harmonized Tariff Schedule of the United States (HTSUS) subheading covered by List 1 of the $300 billion action from the additional duties. See 84 FR 57144 (October 24 notice).

Subsequently, the U.S. Trade Representative announced a determination to suspend until further notice the additional duties on products set out in Annex C of the August 20 notice. See 84 FR 69447 (December 18, 2019). The U.S. Trade Representative later determined to modify the action being taken by reducing the additional duties for the products covered in Annex A of the August 20 notice from 15 percent to 7.5 percent. See 85 FR 3741 (January 22, 2020).

Under the October 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the $300 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years, among other information. With regard to the rationale for the exclusion, requests had to address the following factors:

• Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
• Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
• Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The October 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The October 24 notice required submission of requests for exclusion from List 1 of the $300 billion action no later than January 31, 2020, and noted that the U.S. Trade Representative periodically would announce decisions. In March 2020, the U.S. Trade Representative granted an initial set of exclusion requests. See 85 FR 13970. The Office of the United States Trade Representative regularly updates the status of each pending request on the Exclusions Portal at https:// exclusions.usrt.gov/s/ docket?docketNumber=USTR-2019-0017.

B. Determination To Grant Certain Exclusions

Based on evaluation of the factors set out in the October 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set out in the Annex, the exclusions are reflected in 19 specially prepared product descriptions, which cover 39 separate exclusion requests.

In accordance with the October 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the 10-digit HTSUS subheading as described in the Annex, and not by the product descriptions set out in any particular request for exclusion.

As stated in the October 24 notice, the exclusions will apply from September 1, 2019, the effective date of the $300 billion action, and will extend for one year to September 1, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.
The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,
General Counsel, Office of the U.S. Trade Representative.
