Schedule 2

Tariff Schedule of the United States

The reciprocal tariff rate in the “Reciprocal Tariff Rate” column applies subject to any limitation in the “Scope Limitations” column, as described below.

- A subheading marked with “Ex” is defined and limited by the product description in the “Description” column.
- A subheading marked with “Aircraft” includes only articles of civil aircraft (all aircraft other than military aircraft); their engines, parts, and components; their other parts, components, and subassemblies; and ground flight simulators and their parts and components, that otherwise meet the criteria of General Note 6 of the HTSUS, regardless of whether a product is entered under a provision for which the rate of duty “Free (C)” appears in the “Special” sub-column.
- A subheading marked with “Pharma” includes only articles not patented in the United States for use in pharmaceutical applications.
