Appendix B - Agriculture TRQs Between the United States and Canada

Section A: General Provisions on USMCA TRQs

1. This Appendix sets out modifications to the Harmonized Tariff Schedule of the United States (HTSUS) that reflect the tariff rate quotas (TRQs) that the United States shall apply to certain originating goods from Canada under this Agreement. In particular, originating goods of Canada included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the HTSUS. Notwithstanding any other provision of the HTSUS, originating goods of Canada in the quantities described in this Appendix shall be permitted entry into the territory of the United States as provided in this Appendix. Furthermore, except as provided below, any quantity of originating goods imported from Canada under a TRQ provided for in this Appendix shall not be counted toward the in-quota quantity of any TRQ provided for such goods under the United States' WTO Tariff Schedule, the United States' WTO Schedule of Concessions, or any other trade agreement.
2. Except as provided below, the United States shall administer all TRQs provided for in this Agreement and set out in this Appendix on a first-come, first-served basis.
3. "Quota year" in this Appendix means calendar year.
4. The product or products covered by each TRQ set out below are informally described in the title to the paragraph setting out the TRQ. These titles are included solely to assist readers in understanding this Appendix and shall not alter or supersede the coverage for each TRQ established by reference to the relevant Table 1 provisions.
5. For the purposes of this Appendix, the term "metric tons" shall be abbreviated as "MT".
