Level of Government: Central

Measures: *Atomic Energy Act of 1954*, 42 U.S.C. §§ 2011 et seq.

Description: Investment

A license issued by the United States Nuclear Regulatory Commission is required for any person in the United States to transfer or receive in interstate commerce, manufacture, produce, transfer, use, import, or export any nuclear “utilization or production facilities” for commercial or industrial purposes. Such a license may not be issued to any entity known or believed to be owned, controlled, or dominated by an alien, a foreign corporation, or a foreign government (42 U.S.C. § 2133(d)). A license issued by the United States Nuclear Regulatory Commission is also required for nuclear “utilization and production facilities”, for use in medical therapy, or for research and development activities. The issuance of such a license to any entity known or believed to be owned, controlled, or dominated by an alien, a foreign corporation, or a foreign government is also prohibited (42 U.S.C. § 2134(d)).

Measures:	<i>Export Trading Company Act of 1982</i> , 15 U.S.C. §§ 4011-4021 <i>Export Trade Certificates of Review</i> , 15 C.F.R. Part 325
Description:	<u>Cross-Border Trade in Services</u>

Title III of the *Export Trading Company Act of 1982* authorizes the Secretary of Commerce to issue “certificates of review” with respect to export conduct. The Act provides for the issuance of a certificate of review where the Secretary determines, and the Attorney General concurs, that the export conduct specified in an application will not have the anticompetitive effects proscribed by the Act. A certificate of review limits the liability under federal and state antitrust laws in engaging in the export conduct certified.

Only a “person” as defined by the Act can apply for a certificate of review. “Person” means “an individual who is a resident of the United States; a partnership that is created under and exists pursuant to the laws of any State or of the United States; a State or local government entity; a corporation, whether organized as a profit or nonprofit corporation, that is created under and exists pursuant to the laws of any State or of the United States; or any association or combination, by contract or other arrangement, between such persons”.

A foreign national or enterprise may receive the protection provided by a certificate of review by becoming a “member” of a qualified applicant. The regulations define “member” to mean “an entity (U.S. or foreign) that is seeking protection under the certificate with the applicant. A member may be a partner in a partnership or a joint venture; a shareholder of a corporation; or a participant in an association, cooperative, or other form of profit or nonprofit organization or relationship, by contract or other arrangement”.

In addition, release of controlled technology to a foreign national in the United States is deemed to be an export to the home country of the foreign national and requires the same written authorization from BIS as an export from the territory of the United States.

Measures:	<i>Mineral Lands Leasing Act of 1920</i> , 30 U.S.C. Chapter 3A 10 U.S.C. § 7435
Description:	<u>Investment</u>

Under the *Mineral Lands Leasing Act of 1920*, aliens and foreign corporations may not acquire rights-of-way for oil or gas pipelines, or pipelines carrying products refined from oil and gas, across on-shore federal lands or acquire leases or interests in certain minerals on on-shore federal lands, such as coal or oil. Non-U.S. citizens may own a 100 percent interest in a domestic corporation that acquires a right-of-way for oil or gas pipelines across on-shore federal lands, or that acquires a lease to develop mineral resources on on-shore federal lands, unless the foreign investor's home country denies similar or like privileges for the mineral or access in question to U.S. citizens or corporations, as compared with the privileges it accords to its own citizens or corporations or to the citizens or corporations of other countries (30 U.S.C. §§ 181, 185(a)).

Nationalization is not considered to be denial of similar or like privileges.

Foreign citizens, or corporations controlled by them, are restricted from obtaining access to federal leases on Naval Petroleum Reserves if the laws, customs, or regulations of their country deny the privilege of leasing public lands to citizens or corporations of the United States (10 U.S.C. § 7435).

OPIC insurance and loan guaranties are available only to eligible investors, which are: (i) United States citizens; (ii) corporations, partnerships, or other associations, including non-profit associations, created under the laws of the United States, any state or territory thereof, or the District of Columbia, and substantially beneficially owned by United States citizens; and (iii) foreign partnerships or associations 100 percent owned, or foreign corporations at least 95 percent owned, by one or more such United States citizens, corporations, partnerships, or associations.

Description: Investment

“Foreign civil aircraft” require authority from the Department of Transportation to conduct specialty air services in the territory of the United States. In determining whether to grant a particular application, the Department will consider, among other factors, the extent to which the country of the applicant’s nationality accords U.S. civil aircraft operators effective reciprocity. “Foreign civil aircraft” are aircraft of foreign registry or aircraft of U.S. registry that are owned, controlled, or operated by persons who are not citizens or permanent residents of the United States (14 C.F.R. § 375.1). Under 49 U.S.C. § 40102(a)(15), a citizen of the United States means an individual who is a U.S. citizen; a partnership in which each member is a U.S. citizen; or a U.S. corporation of which the president and at least two-thirds of the board of directors and other managing officers are U.S. citizens, which is under the actual control of U.S. citizens, and in which at least seventy-five percent of the voting interest in the corporation is owned or controlled by U.S. citizens.

Cross-Border Trade in Services

Authorization from the Department of Transportation is required for the supply of specialty air services in the territory of the United States. A person of a Party will be able to obtain such an authorization if the Party provides effective reciprocity by virtue of this Agreement.
