

authorizes the President to allocate the in-quota quantity of a TRQ for any agricultural product among supplying countries or customs areas. The President delegated this authority to the U.S. Trade Representative under Presidential Proclamation 6763 (60 FR 1007, January 4, 1995).

On September 10, 2020, the Secretary of Agriculture announced an additional in-quota quantity of the TRQ for raw cane sugar for the remainder of FY2020 (ending September 30, 2020) in the amount of 90,718 metric tons raw value (MTRV) (conversion factor: 1 metric ton raw value = 1.10231125 short tons raw value). See 85 FR 55812. This quantity is in addition to the minimum amount to which the United States is committed under the World Trade Organization (WTO) Uruguay Round Agreements (1,117,195 MTRV) and in addition to the increase of 317,515 MTRV raw sugar on April 3, 2020. The Department of Agriculture also has determined that it will permit all sugar entering the United States under the FY2020 raw cane sugar TRQ to enter U.S. Customs territory through October 31, 2020, a month later than the usual last entry date. Of this additional quantity, USTR is allocating 10,718 MTRV to Australia and 80,000 MTRV to Brazil.

The allocations of the raw cane sugar TRQ to countries that are net importers of sugar are conditioned on receipt of the appropriate verifications of origin, and certificates for quota eligibility must accompany imports from any country for which an allocation has been provided.

**A. Background**

For background on the proceedings in this investigation, please see prior notices including: 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 32181 (July 11, 2018), 83 FR 67463 (December 28, 2018), 84 FR 11152 (March 25, 2019), 84 FR 16310 (April 18, 2019), 84 FR 21389 (May 14, 2019), 84 FR 25895 (June 4, 2019), 84 FR 32821 (July 9, 2019), 84 FR 43304 (August 20, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49564 (September 20, 2019), 84 FR 52567 (October 2, 2019), 84 FR 58427 (October 31, 2019), 84 FR 70616 (December 23, 2019), 84 FR 72102 (December 30, 2019), 85 FR 6687 (February 5, 2020), 85 FR 12373 (March 2, 2020), 85 FR 16181 (March 20, 2020), 85 FR 24081 (April 30, 2020), 85 FR 33775 (June 2, 2020), 85 FR 34274 (June 3, 2020), 85 FR 41267 (July 9, 2020), and 85 FR 46777 (August 3, 2020).

Effective July 6, 2018, the U.S. Trade Representative imposed additional 25 percent duties on goods of China classified in 818 eight-digit subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an

approximate annual trade value of \$34 billion. See 83 FR 28710 (the \$34 billion action). The U.S. Trade Representative's determination included a decision to establish a process by which U.S. stakeholders could request exclusion of particular products classified within an eight-digit HTSUS subheading covered by the \$34 billion action from the additional duties. The U.S. Trade Representative issued a notice setting out the process for the product exclusions and opened a public docket. See 83 FR 32181 (the July 11 notice).

In September 2019, the U.S. Trade Representative granted a set of exclusion requests, which expire on September 20, 2020. See 84 FR 49564 (the September 20 notice). On June 3, 2020, the U.S. Trade Representative invited the public to comment on whether to extend for up to 12 months particular exclusions granted in the September 20 notice. See 85 FR 34274 (the June 3 notice).

Under the June 3 notice, commenters were asked to address whether the particular product and/or a comparable product is available from sources in the United States and/or in third countries; any changes in the global supply chain since July 2018 with respect to the particular product, or any other relevant industry developments; and efforts, if any, importers or U.S. purchasers have undertaken since July 2018 to source the product from the United States or third countries.

In addition, commenters who were importers and/or purchasers of the products covered by an exclusion were asked to provide information regarding their efforts since July 2018 to source the product from the United States or third countries; the value and quantity of the Chinese-origin product covered by the specific exclusion request purchased in 2018 and 2019, and whether these purchases are from a related company; whether Chinese suppliers have lowered their prices for products covered by the exclusion following the imposition of duties; the value and quantity of the product covered by the exclusion purchased from domestic and third country sources in 2018 and 2019; the commenter's gross revenue for 2018 and 2019; whether the Chinese-origin product of concern is sold as a final product or as an input; whether the imposition of duties on the products covered by the exclusion will result in severe economic harm to the commenter or other U.S. interests; and any additional information in support of or in opposition to extending the exclusion.

The June 3 notice required the submission of comments no later than July 7, 2020.

#### **B. Determination To Extend Certain Exclusions**

Based on an evaluation of the factors set out in the July 11 and June 3 notices, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to extend certain product exclusions covered by the September 20 notice, as set out in the Annexes to this notice.

The June 3 notice provided that the U.S. Trade Representative would consider extensions of up to 12 months. In light of the cumulative effect of

current and possible future exclusions or extensions of exclusions on the effectiveness of the action taken in this investigation, the U.S. Trade Representative has determined to extend the exclusions in the Annexes to this notice for less than 12 months—through December 31, 2020. To date, the U.S. Trade Representative has granted more than 6,800 exclusion requests, has extended some of these exclusions, and may consider further extensions of exclusions.

The U.S. Trade Representative will take account of the cumulative effect of exclusions in considering the possible further extension of the exclusions covered by this notice, as well as possible extensions of exclusions of other products covered by the action in this investigation. The U.S. Trade

Representative's determination also takes into account advice from advisory committees and any public comments concerning extension of the pertinent exclusion.

In accordance with the July 11 notice, the exclusions are available for any product that meets the description in the Annexes, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the ten digit HTSUS headings and product descriptions in the Annexes to this notice, and not by the product descriptions set out in any particular request for exclusion.
